UST-17 Other Information
Exhibit 11

Significant Events and Case Progress:

The company experienced an operating income of $23,132 in March compared with a loss in February of $11,538 down from a January loss of $213,195. As mentioned in prior months the slower sales are principally due to the deterioration of sales, based upon bankruptcy "headwinds" and seasonality.   The Trustee projects improved operational results in future months as the company enters into its traditionally stronger sales periods.

One of the significant adjustment is a $932k adjustment to inventory, that is the amount of inventory that existed as of April 11, 2016, when the trustee took over that has been or will be returned to customers who own the inventory. This is a large adjustment that could not have been booked until all ownership of inventory was determined and confirmed.

The Court approved retention of a CEO for the company in early February.   Mr. Atalla, the CEO, is managing the day to day operations in Dayton and working closely with the Trustee on operational changes. Mr. Atalla is focused on rebuilding the sales organization and driving growth in sales for the company. The company desire is to retain proven sales professionals with experience in the industry.

The company has been engaged in designing and building a cost accounting system, including the adding of time clock for operators to use and to stamp in the start and completion times and hours incurred. In the month of March, we were able to review the profitability of all 370 plus jobs for the month. The job by job profitability analysis will help us ensure all jobs are profitable.

The Trustee anticipates that the company will be profitable for March April, May and June, and working capital reserves should be rebuilt during that period. However, the company cash position remains an issue. Cascade Capital Group funded back to the company $50,000 of professional fees which were paid on an interim basis to Cascade in December, 2016, to help fund working capital needs of the company. The trustee sees cash being tight until the company can grow sales to improve the overall all cash position of the company.

The Trustee has consolidated the majority of the operations of the company since his appointment andis focused on consolidating the company into the Dayton facility.   The Trustee's objective is to have the company fully operating from the Dayton location by the beginning of 2018.

The company needs to clean up its operational premises to incorporate the equipment and personnel moved from Auburn to Dayton. The Trustee is actively marketing the sale of surplus equipment that is now all stored at the Dayton premises. The company retained James Murphy Company, as approved by the Court, to complete a valuation of equipment and to assist with the auction of the equipment as appropriate. The Trustee intends to market the surplus equipment for sale and propose for court approval controlled sales as much as possible and then propose for court approval an on-line auction of the balance of surplus equipment and then scrap out any unsold items. This approach will allow maximization of the value of the surplus equipment. An offer for nine surplus pieces of equipment was submitted to the Court for approval and is set for hearing on April 14, 2017.

The estate has a pending litigation matter with Medallic Art Company LLC, an entity controlled by the former CEO of the Debtor, Ross Hansen. The trial in that litigation was set for May and June, 2017. However, in the week before the preparation of this report, Medallic filed a motion to dismiss its claims. Based upon the dismissal of Medallic's claims, the Trustee is preparing to enter a judgment susbstantively consolidating Medallic with the NWTM bankruptcy estate. The Trustee expects entry of that judgment in early May, 2017.

The Trustee and his attorneys have drafted a Plan of Reorganization and have consulted with the Committee about the terms of that plan. The Plan envisions a reorganization of the company around the operations in Dayton, Nevada. The current plan is for the operating company to generate profits that will be distributed to creditors over some period of time. After an agreed upon period of time the company would be sold and sale proceeds would be allocated to creditors.

The Trustee and his attorneys have drafted a Plan of Reorganization and have consulted with the Committee about the terms of that plan. The Plan envisions a reorganization of the company around the operations in Dayton, Nevada. The current plan is for the operating company to generate profits that will be distributed to creditors over some period of time. After an agreed upon period of time the company would be sold and sale proceeds would be allocated to creditors. The Committee has retained a financial advisor to assist the committee with the review of the Trustee's financial projections and liquidation analysis in connection with formulation and proposal of a plan.
